Housing Benefit Supported Accommodation Questionnaire New Schemes and properties not yet occupied

Proposed scheme name and/or address	
Proposed opening date for scheme if known	

This form is to be used for new schemes which are not yet in use.

You should complete the form based on information accurate at the time you complete it, but it is understood that there could be changes to various elements before the scheme/property starts being used.

The form is intended to assist the local authority and those who are intending to set up a supported housing scheme an opportunity to deal with any issues prior to a scheme opening.

If there are any changes you will need to let us know about them so any decisions on claims made at the property when it starts being occupied are made based on all the information.

This form has been developed to capture information required by the Department for Work and Pensions in line with their current guidance.

This questionnaire is to be completed by the landlord or agent of the supported housing scheme.

You must answer **all** questions and provide the evidence as outlined below.

Without this information and evidence we will not be able to make a decision on this scheme and will delay the assessment of any claims.

Evidence checklist (complete as appropriate)

	Attached	N/A
Proof of ownership if the landlord owns the property		
Lease arrangement if the landlord leases the property		
Contract between the landlord and the care provider and evidence of payment		
Contract between the landlord and agent		
Floor plan (this does not need to a surveyors plan)		
External photographs of front and rear of property and internal photographs of all rooms.		
Rent schedule, breakdown of all service charges		

Some evidence will not be available depending on what stage the scheme is at, so please provide it when it becomes available.

Section 2 – Scheme type for benefit purposes

Under which category of supported housing will the scheme fall?

Supported exempt accommodation

☐

A resettlement place, or accommodation which is provided by a county council, housing association, registered charity or voluntary organisation where that body, or person acting on their behalf, provides the claimant with care, support or supervision on more than a minimal basis

A managed property

☐

Cases which do not meet the definition of ‘supported exempt accommodation’ solely because care support or supervision isn’t provided by the landlord or on their behalf, often due to the funding/care structures in place

Conditions apply in that:

- The property is provided by a county council, housing association, registered charity or voluntary organisation
- The claimant is admitted upon the condition that they are in need of, and in agreement to receive, the care support or supervision that is attached to the accommodation
- Care support or supervision cannot be ‘floating support’ provided in standard social or third sector housing

An indication of need may be shown through the provision of public funding for the care support or supervision, although this is not a mandatory requirement. Another consideration would be if the accommodation has been commissioned designed or designated as supported housing by the Local Authority or other appropriate statutory body.

Temporary refuge accommodation (victims fleeing domestic violence)

☐

Temporary refuge accommodation provided by the same group of third and social sector landlords, but also a Local Authority, where the resident is accommodated because they are fleeing their home as a result of domestic violence. Domestic abuse does not need to be from within the household but other types of violence that may occur in a domestic setting, such as violence by a neighbour or landlord etc.

Some refuge accommodation may fall under categories supported exempt or managed.

A Registered Care Home

☐

Housing Benefit is not payable to occupants of registered care homes
