

DDC Community Housing Grants Scheme FACT SHEET

What is an eligible cost?

This Fact Sheet outlines how the DDC Community Grants Scheme views different types of cost. You can use this Fact Sheet to help you identify how your project costs should be described in your application.

Expenditure Type	Description	Can a DDC Community Grant be used to cover this cost?
Capital Costs	One-off costs that allow you to purchase outright an item of equipment or building materials.	No
Revenue Costs	One-off costs that allow you to buy in activities or services or pay for one off costs such as a room hire; training; support for running consultation or making funding applications; consultants services – survey reports etc.	Yes
Consumable costs	These may be capital costs but are for items that can be used up and do not offer a long term benefit to the community. For example, paper, inks, food, drinks, travel/transport costs.	Yes
Ongoing capital costs	These are usually related to the ongoing maintenance of buildings and structures. It describes things like repairs or improvements to existing structures or interiors that should/could be planned into works of maintenance.	No
Overhead costs	These are usually costs that result from the core overheads of running your group. For example staff time, staff costs or utility or rent/mortgage for premises.	No

PLEASE NOTE: your application must show how any costs claimed have a direct impact upon the outcome of your project. If your application does not demonstrate that the funding will support the delivery of community led housing it is unlikely to be successful.
