Having a clear out?

When waste gets collected, the refuse and recycling lorries will only take what is correctly put out on collection day. If the waste isn't in the correct bins or bagged up, rubbish might remain. This includes bulky items.

Clearing items which pose a health and safety risk costs the Housing department thousands of pounds each year, this is money that could be spent on estate services, planned improvements etc. **Please take additional household waste to the tip, list the item on a site like eBay or marketplace or donate it to the charity shop.**
