Reasons for processing

Some of the information that is collected is classified as special category personal data or personal data consisting of criminal convictions and offences (including alleged offences). This is processed for exercising specific rights of the council. We have a data protection policy that sets out how this information will be handled.

Data Processors

We have outsourced some of our services to either joint arrangements with other local authorities, arm's length partly owned companies, or private sector companies who provide services on our behalf. These organisations collect and use personal information on our behalf to provide services. We will need to supply your information to these organisations in order to supply a service to you. These are:

A private sector company which provides benefit services, income collection services, council tax and business rates administration and collection services and customer contact services to the council.

Data sharing

The law says that we must protect the public funds that we handle. In order to do this we will check some of the information with other sources (e.g. HM Revenue and Customs, credit reference agencies) to verify your identity and to ensure that the information you have provided is accurate.

We may also share your information internally with other council departments (where it is in your interests to do so) as well as under legal obligations with partner organisations that inspect or handle public funds, to prevent and detect fraud and error including:

- Other councils
- Government departments such as HM Revenue and Customs, Magistrates Court, the Department for Work and Pensions, and the Cabinet Office (as part of the National Fraud Initiative)
- National Audit Office
- East Kent Housing
- Police
- Enforcement agents
- Credit Reference Agencies - [TransUnion \(CallCredit\)](#), [Equifax](#), [LoCTA \(Magnet Solutions\)](#)
- Health and social care organisations

If you have given us your permission in writing some of your information may be shared with:

- A named friend or family member
- Support worker or other individual authorised by you to act on your behalf

We will not share your personal data with third parties for commercial purposes nor will we use your personal data for marketing products or services without your consent.

We may also rely on a number of **exemptions**, which allow us to share information without needing to identify a lawful basis for the sharing and without needing to provide you with information about the sharing. Please refer to the Kent & Medway Information Agreement for further details on our sharing arrangements.

Automated decision making

We may make automated decisions to end some time-limited discounts and exemptions, and to assist with income recovery (recovery of unpaid council tax). This may include automated processes to determine your eligibility for a Single Occupier discount and to inform methods of income recovery following the result of a review undertaken by the council in order to protect the public funds that it handles. You have the same rights of appeal as when an officer makes a decision.

The automated decision for a Single Occupier discount is related to information provided by a partner organisation (credit reference agency) to ensure that the number of people living in your household is correct. The automated decision for income recovery is related to existing Council Tax payment information and information provided by a partner organisation (credit reference agency) to ensure that public funds are handled as efficiently as possible.

Please refer to our Corporate Privacy Notice at www.dover.gov.uk/privacy for further details of how we process your personal information and your rights. This is also available in other formats (e.g. print).
